

## Hereford Calf Tops Calf Club Show At Carstairs

Bernie McArthur of the Crossfield Junior Beef Club had the champion calf at the show and sale held in Carstairs Wednesday, June 4. The winning animal, a Hereford steer weighing 850 pounds, was bought by T. Eaton (Western) Co. for 75 cents a pound. The reserve champion, a Hereford heifer, shown by Owen Francis of the Carstairs club, was bought by Burns and Co. for 55 cents a pound.

The third calf sold belonged to Allan Luft of Didsbury and brought 28 1/2 cents from Adams, Wood and Weiler.

Ken Stiles, winner in the Jutland club, got 26 1/2 cents for his Short-horn steer, sold to Canada Packers. Alberta Livestock Co. Op. paid Clarence Luft of the West Didsbury Club 27 1/2 cents for his calf.

Five clubs were entered in the show: West Didsbury, 12 calves; Olds, 21; Jutland, 10; Crossfield, 14; and Carstairs, 11.

The average price for the first 30 calves sold was 28.43 cents. Buyers included T. Eaton Co., Burns and Co., Adams, Wood and Weiler, Canada Packers, Alberta Livestock Co. Op., Union Packing Co., Mountain View Livestock Co. Op., Morrison's Meat Market, Olds; Jim Crystal, Carstairs.

The Bank of Commerce awarded a Bulova watch to the best calf in that club. The Carstairs Chamber of Commerce awarded cups to Grand and Reserve champions. The Hereford Breeders Association donated a model miniature of the best Hereford in the show, with winners in each club getting stock pens and curly combs. Builders' Hardware ministers gave prizes in Jutland and West Didsbury Clubs.

Two dollars each went to the best Aberdeen Angus in each club. There were also local awards made to each club.

Judges were Joe Kallal, Tofield, and Robert Cooper, Olds. Auctioneers were Archie Boyce, Olds, and Ben Dench, Carstairs. Members of the Carstairs Board of Trade assisting with clerking and delivering calves to the stockyards.

Complete list of winners for Jutland and West Didsbury follows:

- Jutland**  
1. Ken Stiles; 2. Ken Tighe; 3. Gordon Stiles; 4. Barry Gale; 5. Gerry Good.  
**Showmanship:** 1. Lois Shells; 2. Ken Tighe; 3. Anne Shells.  
**West Didsbury**  
1. Allan Luft; 2. Clarence Luft; 3. Hazel Ray; 4. Howard Robertson; 5. Don Robertson.  
**Showmanship:** 1. Don Robertson; 2. Howard Robertson; 3. Dorn Gillrie.

## Westcott Institute Holds June Meeting

The Westcott W.I. held its June meeting at the home of Mrs. Raymond Shantz with 20 members answering the roll call "an old wedding custom." The minutes of the previous meeting were read.

A few of the members plan to attend the sewing course with the Westdale group in July.

Cancer Fund receipt books were turned in, and acknowledgement was received from the Salvation Army for the donation received.

A thank-you letter was read from Mrs. E. Walker for the dollar for baby Catherine Anne to start her bank account.

Tickets were sold for the handicraft prize, the money being used for the A.C.W.W. fund. Two songs were sung, "Wish Me Luck" and "Give Yourself a Pat on the Back."

Mrs. Baudist Sr. chose for her topic on citizenship "Adult Education for Canadians" and her subject was world citizenship.

Plans for the Conference were completed and Mrs. W. Felker was chosen as delegate.

For the five minute talk Mrs. H. Levaag showed pictures of the beautiful Rose Bowl in Pasadena, which is held on New Year's Day.

The meeting closed with "God Save the Queen" and lunch was served by the hostess.

The next meeting will be held at the home of Mrs. W. Owens.

## C.P.R. TRAIN TIMES AT DIDSBURY

### NORTHBOUND:

No. 521—(flag stop) 1:10 a.m. daily  
No. 523—Daily except Sunday, 11:32 a.m.

No. 527—Daily "Esquima" 10:00 a.m., (stops only on flag on Sundays)

### SOUTHBOUND:

No. 522—Daily 4:46 a.m.  
No. 524—Daily 12:46 p.m.  
No. 526—Daily except Sunday, at 5:00 p.m.

No. 528—Daily 6:21 p.m. (stops on flag on Sundays only).

## PRESENTATIONS TO LIONS

Dale Kimmel was presented with a past president's pin at the regular meeting of the Didsbury Lions Club Thursday evening of last week. H. Lynch-Staunton, retiring secretary of the service club since it received its charter eight years ago, was presented with a lighter, cigarette urn and tray, for his many years of faithful service to the organization.

## Home And School Meets At Bergen

Mr. Lloyd Kibble White, president of the Bergen Home and School Association, gave a very interesting outline of business transacted at the Edmonton convention, to which he was a delegate at the June meeting of the association.

A donation of \$3 was made to the Bergen and Red Deer Valley schools for their school prizes.

The same amount was also donated to the Dr. Kirby scholarship fund.

The Wideman children were given a gift for building the fire in the hall during the winter months for the association meetings.

The ladies served refreshments at the close of the meeting.

Inverness and Bergen held a track meet and ball game at the Bergen school on Friday due to the fact they missed the Sundre track meet. Most of the children went home wearing ribbons. A ball game played during the day ended 13-11 in favor of Bergen.

Congratulations are extended to Mr. and Mrs. Walter Admussen (Daphne Hendrix) on the birth of a daughter, and to Mr. and Mrs. Frank McDermott (Verna Bradley), who are the proud parents of a son.

The Bergen United Missionary Church is undergoing some repairs. The building is being raised and a new foundation laid. Any help in this project will be greatly appreciated.

Rev. Annett and his congregation gave a very enjoyable program at the United Missionary Church Sunday afternoon. This service was given by the losing side in the Bergen-Mountain View attendance contest held recently.

A shower was held at the home of Mr. and Mrs. L. C. Ratcliff recently for Miss Marie Ellis, daughter of Mr. and Mrs. Ross Ellis of Bergen. Miss Ellis is to be married this month to Mr. Wilfred Ogden of Calgary.

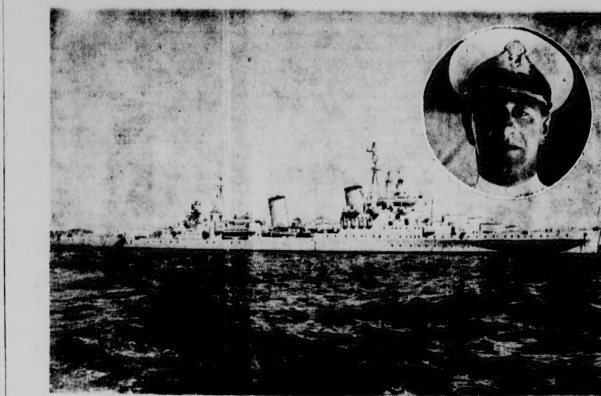

About four inches of snow fell here Saturday morning and there was a light frost Saturday night.

## A.W.I. CONFERENCE

The annual conference of the Didsbury Constituency of the A.W.I. will be held Tuesday, June 17 in Knox United Church. Sessions will begin at 10:00 a.m. and dinner will be served in the church basement at noon by the ladies of the town groups of the W.A. The handicraft display will be in the basement of the Lutheran church.

Happy crewmen of the massive Canada Steamship Lines freighter, Sir James Dunn, view the television set presented to them by Lady Dunn, wife of Sir James Dunn, Canadian industrialist and a C.S.L. director for whom the ship was named. The set is the first of its kind on a Canadian inland ship. The Sir James Dunn completed her maiden voyage with a record cargo of grain earlier this month.

The 8,660-ton British cruiser H.M.S. Sheffield, of the British West Indies squadron, which arrived in Montreal harbor for a week's visit on May 16. Inset is her commanding officer, CAPT. MICHAEL FEVERARD. The ship which flies the flag of the Commander-in-Chief, West Indies squadron, won more battle honors in the Second World War than any other ship of her class. She has a complement of over 800 officers and ratings.

## To Award Good Prizes At Fishermen's Night

Final arrangements have been completed for the Didsbury Fish and Game Association Fishermen's night to be held Friday, June 13, in the Lions' hall, commencing at 8:00 p.m.

Films will be shown and guest speakers will be in attendance.

A fisherman's parade will be held and three prizes will be awarded to those in fishing attire. For the fisherman a deluxe telescopic landing net will be given; the woman in best fishing attire will be awarded a steel telescope fishing rod, and the boy or girl in best fishing attire will be given a steel telescope rod. Prizes will be judged by ballot by the audience.

There is no admission charge and everyone is welcome to attend the entertainment dedicated to the fishermen of this district. Lunch will be served.

## Golf Club Plans Match Play Tourney June 15

The second golf tournament of the season is scheduled to get underway at the local golf course Sunday, June 15, when members of the Didsbury Golf Club will meet in match play competition.

Two-off time for the nine-hole qualifying round has been set between 9 and 10 a.m., the earlier the better. Golfers will be put in flights of eight following the qualifying round and will compete in match play over 18 holes.

It is hoped to have the first round completed Sunday and to play off succeeding rounds during the week. All male members of the golf club are asked to take part to make the tournament a success. Entry fee is \$1.00 and all fees will go toward prizes.

Make your entry to Cliff Sorenson or Dr. C. T. McNeichel as soon as possible.

## Didsbury District Farmer Seriously Injured In Blast

Michael Shaw, 61, of Didsbury district, suffered serious injury about 2:30 p.m. Friday afternoon while blasting stumps on the N.L. Nelson farm, 9 miles northeast of town.

The accident occurred when a faulty fuse failed to operate properly and the victim was making a second attempt to light it.

Mr. Shaw was rushed to Didsbury Municipal Hospital and later taken to the Holy Cross Hospital, Calgary. He suffered loss of four fingers on the left hand and blast shock to the face and head. At last reports he was progressing fairly well in hospital.

## South West Didsbury

Mr. and Mrs. Ken Wood of Leduc were recent visitors in Didsbury at the home of the former's mother, Mrs. O. B. Wood.

Mrs. L. Hunsperger attended the Ratcliff-McKah wedding in Edmonton last Wednesday.

Miss Laura O'Brien of Edmonton is spending several weeks with relatives in the district.

Mrs. Mary Cressman and Mr. Gray Cressman of Calgary visited with Miss Grace Hunsperger in hospital on Saturday and later visited with Mr. and Mrs. L. Hunsperger.

Mr. and Mrs. J. B. Hipkin and Patricia visited Mr. and Mrs. E. St. Clair and family Sunday afternoon.

Mr. and Mrs. W. W. Snyder were Calgary visitors Sunday.

Mr. and Mrs. H. W. Folkman and family were Sunday guests of Mr. and Mrs. Wm. Brammer of Carstairs.

Mrs. D. E. Wood was a Sunday guest of Mr. and Mrs. L. Hunsperger.

Mr. and Mrs. Ed Weber are spending a few days with Mr. and Mrs. H. W. Folkman.

Mr. and Mrs. Jack Edwards and family were Sunday afternoon visitors with Mr. and Mrs. Joe Fulkert.

Rev. and Mrs. R. Sherman and children returned to Warner after spending part of the week in Calgary and the remainder here with relatives.

## M.D. Asks Government For East Road Grant

At a meeting of the Council of the Municipal District of Mountain View held Monday in Didsbury all seven Councilors and Reeve W. J. Bunnell were present.

A special grant will be requested from provincial government to assist in straightening the road east of the Didsbury Municipal Hospital to the main highway.

Grants to Canadian Institute for the Blind and the Salvation Army were approved.

and ban on all municipal roads was officially lifted.

The Council had reapplied for several additional townships to be included under Prairie Farm Assistance Act and have been notified these townships will be inspected at an early date.

Tax notices were mailed at the end of May but to date returns have been only fair.

The unforgettable sin—"Difference of Opinion."

## Salvation Army Band Here Thurs., June 26

Calgary Citadel Salvation Army Band will present a concert in the Memorial Arena Thursday, June 26, at 8 p.m., under auspices of the Didsbury branch of the Canadian Legion.

All arrangements are not yet completed but it is hoped to have solo attractions as well as the famous band and an enjoyable musical evening is anticipated.

Admission will be 75c for adults and 50c for children, and tickets will be available shortly.

## SCHOOL ACHIEVEMENT DAY WELL ATTENDED

Annual Achievement Day of the Didsbury school was held Friday, June 6, in the Bible College building with nine members very successful.

Girls of the home economics class displayed work done during the term, as did boys of the shop class.

The fashion show also drew large crowds and at times some of those wishing to enter were forced to stand or wait outside until others left.

## WESTERDALE

The June meeting of the Willing Workers was held at the home of Mrs. L. Jones last Wednesday afternoon with nine members, ten Westcott ladies and two Zella ladies present. The meeting opened with the singing of "Let the Best of the World Go By," followed by repeating the creed. Roll call was answered with "describe your wedding bouquet."

The meeting was turned over to Miss Smith, Home Economist of Red Deer, who was present to advise the ladies of necessary requirements for the sewing course to be held in the Westerdale hall July 14 to 18.

A warm welcome was extended to the visiting ladies to attend the sewing class. Mrs. Ekstrand expressed thanks to the hostess and the members on behalf of the Westcott ladies.

Lunch was served by the hostess, assisted by Mrs. E. Kershaw, Mrs. W. Herbert and Mrs. F. J. Jackson.

The July meeting will be held at the home of Mrs. R. Heaton on July 9.

Two bull moose with horns in the velvet were seen Saturday morning in the farm yard of Mr. D. Herbert.

The local ball team played Hartman-Sundre at Sundre on Sunday afternoon and were again defeated, the score being 9-15.

Mrs. A. Buckley of Westerdale and Mrs. Jim Finnie of Westerdale are leaving Tuesday for Edmonton where they will board a plane on Wednesday for New York to spend a vacation in the U.S.A.

Mr. T. Collinge and family of Acme visited on Sunday at the home of Mr. and Mrs. Ben Kershaw.

Mr. and Mrs. A. Jones and family motored to Toronto on Saturday and visited with Mr. and Mrs. A. Koch.

Mr. S. Hunt of Calgary motored to the A. Jones home Thursday evening and Mrs. Jones and children accompanied him on a trip to Water Valley on Friday.

## Red Cross Donations Reach \$366.90 Mark

The Red Cross appeal in the Didsbury district has been slowed down by inclement weather and while some canvassers have been out, others are just getting started.

Collections to date have been slow and Tuesday morning the sum of \$366.90 had been turned in to campaign headquarters. This is a long way from the quota of \$2500 set for Didsbury district, but it is hoped canvassers will soon be able to complete coverage of their respective territories and make final reports.

The time is short, the need is great. Give now and make your contribution as generous as possible.

Campaign headquarters is Reiter Brothers office and contributions may be mailed to that address.

Below is a further list of Red Cross donations:

Mr. and Mrs. J. McNaughton \$2; Mr. and Mrs. V. Peters \$5; Mr. and Mrs. G. Dahl \$5; Mr. and Mrs. G. Peters \$5; Mr. and Mrs. H. N. Fry \$2; Mr. and Mrs. J. Harns \$5; Burns Bros. \$20; Henry Fischer \$15; A. G. Studer \$5; Robert Kershaw \$10; Mrs. M. E. Shyne and Ronald \$2; Elton Willing Workers \$12.40.

## 246,000 Farmers Gel \$255 Million In Loans

Canadian farmers borrowed \$85,000,000 in 1951 under the Farm Improvement Loans Act according to the Annual Report tabled in Parliament recently by the Honourable D. C. Abbott. This was an increase of nearly \$22,000,000 over 1950.

More than 75,000 farmers availed themselves of the facilities of the Act in 1951.

Since the inception of the Act in 1945, 246,000 loans have been made under the Act for a total amount of \$255 million. Of this amount, 90 per cent had been repaid by December 31, 1951. The loans are made by the banks directly to farmers with the Federal Government guaranteeing the banks against loss up to a maximum of 10 per cent of the total amount loaned by each bank.

Latter part of the loans in 1951 amounted to \$6,498,841 and total losses during the first seven years of operations have been \$26,230,300 or 41 per cent of amount loaned.

The Farm Improvement Loans Act enables farmers to borrow money for a wide variety of purposes, including the purchase of farm implements and livestock, the construction and repair of farm buildings and the clearing and breaking of land. The loans are obtained through the chartered banks at 5 per cent simple interest and terms of repayment are arranged to suit the operating conditions of the individual farmer. The maximum period of repayment is seven years.

As in previous years most of the loans are made in Western Canada. In 1951, 71 per cent were made in the three Prairie Provinces.

(Continued on Page 2)

## WEST NOTES

Mrs. O. Krebs is staying with Mrs. J. Hughes for the present week.

Mr. and Mrs. W. Rigby were guests of Mr. and Mrs. A. L. Hogg on Sunday.

Mr. and Mrs. C. Rinehart visited on Sunday with Mr. and Mrs. J. Bagshaw.

Mr. and Mrs. L. Krebs were dinner guests with Mr. and Mrs. Albert Krebs on Sunday.

Mr. and Mrs. Arnold Hogg were Calgary visitors Monday.

Mr. and Mrs. Glen Thompson spent the weekend with the former's parents, Mr. and Mrs. O. Thompson.

The temperature hovered on the freezing line early Sunday morning, dropping a little below in the low lying areas, but no damaging conditions for garden stuff is reported. However, we did have our June snow storm.

Mr. Marlan Bagshaw spent the long weekend at her home here.

Mr. Cecil Payke of Calgary spent a couple of days at the home of his mother, Mr. and Mrs. L. Payke, last week.

Mr. and Mrs. Reuben Maerz and family and Mr. and Mrs. Gerald Sanderson and family of Three Hills, Mr. and Mrs. Riley Moon and family of Nanton, Mr. and Mrs. Bill Moon and family and Frank Moon of Didsbury, but no damage to garden stuff is reported. However, we did have our June snow storm.

Mr. and Mrs. Ed Bersch on Sunday.

### Queen's Fashions Are Best-Kept Secret

The man who'll be designing  
some of the clothes Queen Eliza-  
beth will wear in coronation week  
has found that it's no easy job  
being a royal dressmaker.

An article in Maclean's Maga-  
zine on Hardy Amies, the Queen's  
new dress designer, describes some  
of the problems he faces.  
"Amies must watch his step," re-  
ports Marjorie Earl, former Toronto  
newspaperwoman. "Like any well-  
dressed woman exposed to the pub-  
lic, the young Queen likes her  
clothes to come as a pleasant sur-  
prise. If a description of the  
Queen's dresses was released be-  
fore she wore them, society matrons,  
stenographers and shopgirls all  
over the world, helped by enterpris-  
ing wholesalers and style pirates,  
would be wearing them first."

The article reveals that Amies  
"has already felt the chill wind of  
disapproval." Jane Armstrong, an-  
other Toronto reporter in England,  
overheard a conversation that gave  
her a clue to what the then-Prin-  
cess would wear on her royal tour  
of Canada.

The story, published in Canadian  
papers, created a furore. Amies re-  
ceived a stern warning from the  
palace. Since then his establish-  
ment has been as silent as the  
Kremlin. The Queen's clothes are  
the best-kept secret in the realm.

To remove rubber heel marks  
from floors, rub the marks with a  
cotton cloth, wet with cleaning  
fluid. Benzine or mineral spirits  
will do.

### U.S. Forbids Entry Of Hunters Kill

The Fish and Wildlife Service  
said Tuesday that sportsmen hunt-  
ing in Canada this fall will be  
barred from bringing their kill into  
the United States.

The ban applies to all coven-  
hooed game animals, including  
moose, deer, elk, caribou, mountain  
goat, mountain sheep and antelope.

Albert M. Day, director of the  
service, said transportation of these  
animals across the border will be  
prohibited as long as foot-and-  
mouth disease continues among  
Canadian cattle.

Day said small quantities of com-  
pletely boned and thoroughly cook-  
ed meat from any of these animals,  
intended for personal consumption,  
may be brought back if approved at  
the border by U.S. inspectors.

Hides or skins also may be  
brought back if they are hard-dried,  
or if consigned to a government-  
appointed establishment for disin-  
fecting or processing.

Antlers, horns, hoofs and other  
trophies may be brought across the  
border if found by inspectors to be  
thoroughly cleaned and dried.

### FARM WOMEN'S WEEK SET FOR JULY THIS YEAR

Farm Women's Week, that popu-  
lar annual event at the Schools of  
Agriculture, will be held this year in  
July. All three schools, Olds, Ver-  
million and Fairview, will have their  
Farm Women's Week during that  
month—Olds, July 21-23; Fairview,  
July 7-10; Vermillion, July 14-17.

The Farm Women's Week pro-  
gram is planned to include lectures  
and demonstrations in practical

### WARNING AGAINST IMPROPER USE OF ELECTRIC HEAT LAMPS

A warning against the improper  
use of electric heat lamps in chick  
brooders and piggeries has been  
issued by S. A. E. Kemby of the  
Electrical Inspection Branch.

Four serious fires have occurred  
in the province within recent weeks  
due to the faulty installation of  
these lamps. When installed too  
close to dry litter or improperly  
supported, electric lamps may be-  
come a serious fire hazard.

In addition, lamps used around  
animals should be properly guard-  
ed so they cannot be overturned.  
Details for making a safe instal-  
lation of electric heat lamps are  
available from the Electrical In-  
spection Branch, Department of In-  
dustries and Labor, Edmonton.

home economics topics as well as  
agricultural topics of interest to  
women. Provision is also made for  
recreation and relaxation from the  
routine of home duties on the farm.  
Early applications will receive first  
consideration, and the sooner ap-  
plications are received the better will  
be the chance of reserving accom-  
modation. Each school can ac-  
commodate around 100 guests, and  
although priority is given to applica-  
tions from those actually living  
on the farm, others are welcome if  
accommodation permits.

District agriculturists and home  
economics can supply information  
about Farm Women's Week, or ap-  
plication forms and particulars can  
be obtained from the Home Econ-  
omics Service, Alberta department  
of agriculture, Edmonton, or from  
the principals of the schools of ag-  
riculture at Olds, Vermillion and  
Fairview.

### London Man Named President

Lt. Col. Robert Ellis of London,  
England, recently was named presi-  
dent of The Mother Church, The  
First Church of Christ, Scientist, in  
Boston at its annual meeting, at-  
tended by Christian Scientists from  
all over the world.

Colonel Key is associate editor of  
the Christian Science religious peri-  
odicals and formerly served as a  
lecturer. He is a Christian Science  
practitioner and has been an auth-  
orized teacher of the religion since  
1937. He first became active in  
Christian Science more than 40  
years ago.

In World War I he was decorated by  
the British Army with the Order  
of the British Empire, and granted  
the permanent rank of lieutenant-  
colonel. He left the army in 1920  
and in 1923 he began to devote all  
his time to Christian Science work.

Before and during World War II  
he served as district manager of  
Committees on Publication for  
Great Britain, Ireland, and in  
various capacities in connection  
with Christian Science Wartime Ac-  
tivities in Europe.

He will continue as associate editor  
during his one-year term as  
president. His new appointment  
was announced by the Christian  
Science board of directors.

and jolts more quickly.

#### Widest Tread

Chevrolet measures a full  
58 1/2 inches between centres  
of rear wheels — providing a  
broader base to give more all-  
round stability.

#### 4-Way Engine Lubrication

Chevrolet's exclusive engine  
lubricating system supplies  
exactly the right kind and  
amount of lubrication to each  
moving part.

#### Cast Iron Alloy Pistons

Pistons are formed from the  
same material as the cylinder  
block — expand and contract  
at the same rate. This reduces pis-  
ton wear and oil consumption.

#### Gorgeous New Exterior Colors

Rich and beautiful color com-  
binations... the most won-  
derful array in the entire low-  
price field. In De Luxe series  
interiors and exteriors are dis-  
tinctively color-matched.

#### Powerglide Automatic Transmission

It's simpler with fewer parts to  
wear or require adjustment.  
It's smoother because oil does  
it all without complicated in-  
termediate gears. Optional on  
De Luxe models at extra cost.

#### Powerful Valve-in-Head Engine

Teamed with Powerglide is the  
powerful Valve-in-Head en-  
gine, an outstanding per-  
former in any field! This en-  
gine's Hydraulic Pusher Valve  
lifters are another important  
Chevrolet exclusive.

#### GM Tinted Glass with Shaded Windshield

Chevrolet offers tinted glass  
with exclusive, shaded win-  
dshield-tinting. Tinted glass all  
round helps you drive more  
safely and comfortably.  
(Optional at extra cost.)

**LET'S SPEND IT AT HOME!!!**

As country roads dry out and get in better condition, as new automobiles are more comfortable and travel at a little faster clip, the trend is naturally for more travel by more people. It is not our purpose to attempt to discourage anyone from seeing more of the country or seeing it oftener, but there is a gloomy side to the picture.

Where city stores used to be a few hours away by road, the time now can be counted in minutes. It seems more people every year follow the parade to the city to do a goodly portion of their weekly shopping.

It is difficult to debate the argument that in the city there is a wider selection of some articles; prices may be a bit less; but most city accounts, you must remember, are cash accounts. There's a difference.

We wonder if those who tear off to the city to do their buying ever reflect on the fact that once they've spent their money it is highly improbable they will ever see any of it returned to the community from whence it came.

A businessman in the city can be just as good a citizen as a businessman in your hometown, but does he donate anything to the upkeep of district roads? Does he help pay for sidewalks, schools, churches and the like in Didsbury? Did you see him at the last meeting of your favorite organization? We think not.

Most small town activities are supported by local businessmen who have a real stake in your hometown and local institutions. When times were a little tougher it was the hometown merchants who financed the needy; he wasn't holding out for cash which a lot of people didn't have at the time. Some day it could happen again and we have no doubt the same would occur. It seems there is little gratitude in those who think it is O.K. to live in the town but spend their money in the city.

Local businessmen ask no favors. All they want is a fair shake. Next time try spending your dollars at home. Money spent in the city usually goes elsewhere. At home you have more than a fair chance of seeing it again in one form or another.

**For Weed Control!!**

MASSEY-HARRIS NO. 18 TRACTOR-MOUNTED  
SPRAYER AND GREEN CROSS WEED-NO.  
MORE 80, at the new low price. The best  
combination to kill those weeds.

**LORNE CLAYTON**Your Massey-Harris Dealer  
Phone 83 or 43**IMPERIAL ACTO  
DOES MORE FOR YOUR****EASIER STARTING... EXTRA POWER & PERFORMANCE  
IN YOUR MEDIUM OR LOW COMPRESSION TRACTOR**

If you're looking for an ideal fuel for your medium or low compression tractor, try Imperial Acto Gasoline. It's easy starting and smooth idling. The short warming-up period permits you to swing right into a day's work. It works better than less volatile fuels when you're on the job—you'll pull bigger loads and you'll have more reserve power when going gets tough.

Imperial Acto is a non-leaded fuel that's carefully refined to rigid standards and perfectly blended to give you the maximum amount of work from each tank full of gasoline. Use Acto for better all round performance and extra value for your fuel dollar.

**Agricultural  
SERVICE  
BOARD  
NOTES**W.K. Snyder,  
Field Supervisor**WEED SPRAYING WITH 2-4-D**

The spraying season is here again, a little earlier than usual. With adequate soil moisture and good growing conditions it is an ideal set-up to get good weed kill. The price of weed spray is greatly reduced. Now it is possible to be generous with chemical without running into too much money per acre.

So often we have seen where too little 2-4-D was used per acre with only fair results. My advice is—don't be stingy with 2-4-D. Some spraying is being done now to kill slinkweed which is in bud. If you have reached that stage, use at least 6 ounces acid per acre. If it is a cool day when you spray, increase it to 7 ounces. Slinkweed is hard to kill at this stage.

Temperature also has a distinct bearing on the effectiveness of 2-4-D. One company goes so far as to say that if the temperature is below 60 degrees, increase the application rate by 25 per cent. Seventy degrees or warmer is ideal. Check over your weed sprayer now and be sure it is ready to go when you need it. A very important part of any sprayer is its agitator. This can be done either by mechanical means, or a by-pass which constantly returns part of the fluid to the tank while the rest of it goes to the booms and nozzles. I can not over emphasize the importance of this agitation. If your sprayer does not have this, it can be easily put on. I will be saying more about sprayers and spraying in succeeding letters.

Watch for sweet clover weevils: If your sweet clover vegetation shows that there are small crescent-shaped pieces missing from the edge of the leaves, the chances are that sweet clover weevils are at work. They can completely defoliate the plants and no plant can live without its leaves. I have been in two fields during the past week where these weevils are at work. They can be killed with Aldrin, which is sprayed over the foliage with a weed sprayer. Contact me for directions and Aldrin. This is very poisonous and needs to be handled with extreme care.

**Retiring Too Early**

To retire all our population willy-nilly at 65 would be absurd. It would also be cruel and inhuman because many of them would prefer to go on working at least part-time, and they would be happier and live longer if they were allowed to do so. Moreover, no nation, not even one as rich as Canada, could afford either financially or physically to have such a large proportion of its mature population doing nothing. There would not be enough younger people left to produce the goods, services and food the nation would need.

Modern civilization has added years of health and strength to our lives. Modern industry is going to have to recognize that fact.

**LET'S EAT BEEF**

In the last five years Canadian livestock producers have lost a home market for nearly 250 million pounds of beef a year. In 1947 the per capita consumption of beef was 67.2 pounds. Last year it was down to 50 pounds, a drop of over 25 per cent according to The Financial Post.

We don't need to go to the expense of appointing a Royal Commission to find out what happened. Recent high beef prices have priced this meat off many Canadian tables.

Get this huge home market back to normal consumption, which would be somewhere between 60 and 70 pounds per capita, and the worst of our surplus troubles would be over. A few more months, per year per family would be all that is necessary. This would mean an increase in domestic sales of at least 200,000 pounds of beef a year or five times as much as we hope to export in our complicated and costly three-way deal with Britain, New Zealand and the United States.

We can't hope to expand this home market, however, if domestic prices are maintained at artificially high levels.

**HOMESTEADING**

Last week 120 applicants (laid homesteads on 8,000 acres of land in the Battle River district of the Peace River area. The provincial government hopes to attract some 500 new settlers to this and other regions of the Peace River country. The Battle River region lies from 60 to 80 miles north of the nearest railway point, which is the town of Grimshaw, and provides about 60 per cent of the grain and other products marketed there. Grimshaw has handled as high as 2,870,000 bushels of grain in a single year (1950).

**Officials Suggest Early  
Summerfallowing**

Farmers are urged by officials of the Dominion agricultural service to begin their summerfallowing as early as possible in the spring. Weed growth should be prevented so that moisture stored in the soil can be saved for the succeeding crop. Officials at the station say that the loss of an inch of water through weed growth means a loss of from three to four bushels per acre.

Early fallowing not only increases yields, but results in a cleaner succeeding crop which is more efficient in the use of moisture.

On the average 22 inches of moisture can be saved between harvest and seeding time the following spring. If weeds are allowed to grow throughout the summerfallow season they use up this moisture together with what could be conserved during the May to October fallow period.

**20 MILLION CANADIANS**

In another 20 years, at the present rate of growth, Canada's population will reach 20,000,000 according to The Financial Post. This will mean more people to buy more goods. "Thin" markets will "fatten", producing in larger quantities. Spreading the vast overhead of fixed costs, many Canadian heavy industries will achieve higher efficiency. Costs will come more into line with the U.S. costs. There will be more room for true Canadian design—in furniture, in clothes, and in household equipment.

Manufacturing will show the greatest growth and will use most of the additional labor force. Little of the population increase will flow to the farms. The same number of farms will have 40 per cent more Canadians to feed. Home markets for agricultural produce will boom larger. Probably wheat will be the only farm product which will still have to look to export. And if we use our heads and help to develop backward countries now we should not have much trouble finding markets for surplus crops 20 years from now. The problem of export markets for farm products should be small, and farm prices relatively good.

**NEW OIL RIG  
LARGEST YET**

NOCONA, Texas — Canada's western oil fields are about to receive their newest, most modern and one of their biggest oil well drilling rigs.

Complete from 133-foot steel mast equal in height to a 13-storey building — to pumps, diesels and other equipment, the rig is being delivered to the New Continental Oil Co. of Canada, Ltd., for its ambitious program of 50 new drillings within the next year on sites off-setting existing wells in the Leduc field near Edmonton.

The rig is the first of two ordered by New Continental Oil. It was tested in a drilling operation at Foshee Well No. 7 near here. New Continental's engineers found that the rig "ran like a sewing machine" accepted it and ordered it delivered to Canada.

**Some Of Us Know**

By LON WOODRUM

It is a strange thing that upright and respected men, even church members, may stand and watch the transformation of a vigorous sinner, through the miracle of grace, and never catch on to what happens. Somehow, deep-rooted in mankind is the idea that people are in one of the two classes; good and bad; and there is no power to change a bad man into a good one, setting existing sins in a new perspective. Self-righteousness is a born of pride, and it is this very pride that makes man slight the wonder of grace. Pride cannot conceive of God giving eternal life to a sinner, and that with no strings attached! The god of legalism demands a payoff or a payday every day.

There were those guests in Simon's home, doubtless, wondering why Jesus tolerated the sinful woman who broke the alabaster box over His feet, even as Simon himself wondered. Simon was a polite soul and kept his thoughts in silence, but Jesus read them, and gave him a parable on forgiveness and love. And He added, concerning the woman of iniquity: "Her sins, which are many, are forgiven." The guests were horrified at this. It goaded their hard-cased theology to the heart. Not only did they resent the idea that the woman could be so quickly forgiven, but that Jesus could dare forgive sins. I tell you this Jesus has to either be the God-Man, or He's a terrible impostor. He can't get away with just being another man. If He is not what He claimed to be, we Christians are ruined!

But don't worry. He has the proper credentials. He isn't mixed up or beggared by false dreams. Those Pharisees may have misunderstood the whole transaction, but not the woman! She understood! She didn't argue about it. She knew what had happened to her. Some of us, you see, know what happened when Jesus spoke to our hearts. It happened to us!

**LIKE RIDING ON A CLOUD****NEW...SMOOTH...SAFE...  
Oriflow SHOCK ABSORBERS**

It's out of this world — the pleasure and feeling of safety you'll have if you equip your car with Oriflow Shock Absorbers. They'll give you the safest — smoothest ride you've ever had.

Oriflow Shock Absorbers take the bounce out of large bumps, smooth out the smaller jolts and prevent the side to side tossing motion of your car.

Oriflow Shock Absorbers may be installed on any Chrysler-built vehicle from 1937. See your dealer today and change over to Oriflow Shock Absorbers... they're like riding on a cloud.

Peace in a home is usually due to  
a woman's never-ending war with  
dust, dirt and disorder.

Dirty Hands  
Menace Health

By **WILLIAM A. O'BRIEN, M.D.**  
From a health standpoint, it is  
more important to have clean hands  
than a clean face. Although it is  
impossible permanently to rid the  
hands of bacteria, a temporary re-  
duction in the number is helpful.  
Before beginning an operation,  
the surgeon and his assistants scrub  
their hands with liquid soap and  
sterilized brushes even though they  
will wear rubber gloves. The reason is,  
of course, that having clean  
hands underneath the gloves will  
protect the patient from possible  
infection should the rubber gloves  
be torn.  
Before one handles an open wound  
or removes a foreign body from the  
eye, the hands should be washed  
with soap and water.  
Hands can be washed many times  
a day without harm, except in cold  
weather, when excessive drying  
(chapping) may follow the removal  
with water of the natural oils. It  
is advisable after washing the  
hands to rinse them thoroughly,  
dry them with a towel, then apply a  
mild hand lotion especially if the  
skin has a tendency to be sensitive.  
Children should be required to  
wash their hands with soap and  
water after they have been to the  
toilet and before they go to the  
table to eat. Nothing should be  
permitted to interfere with this cus-  
tom, which is of great hygienic  
benefit.

It is not safe to put the fingers  
into the mouth, to rub eyes with  
the fingers, or to handle an open  
wound of the skin; infection may  
be introduced in each of these ways.  
Customers are well within their  
rights in refusing to accept paper  
money, sheets of paper or other ob-  
jects which have been moistened by  
a thumb placed in the mouth.

## Keep Dirt From Cuts

Places of business in which food  
is handled are required by public  
law to provide suitable washing  
facilities for their employees, so  
that they may wash their hands at  
frequent intervals. Every school  
washroom should have the neces-  
sary facilities for children to wash  
their hands and dry them on towels.  
Serious infections of tendon  
sheaths may result from careless  
handling of hand injuries. Infection  
can travel into fingers by en-  
tering the covering of the tendon  
sheaths, then pass backward into  
the hand or arm. Superficial in-  
fections may invade open cuts on  
the hand and produce serious re-  
sults.

Bancroft Buttercups  
Hold Regular Meeting

The Bancroft Buttercups Girls'  
Club held their May meeting at the  
home of the Neumiller girls.  
Meeting opened with singing of  
"Mother" and the creed was re-  
peated.

Roll call was answered by bring-  
ing five small nails, wool and a  
spool. There were 11 members  
present.

It was decided to send \$5.00 to-  
wards the Travelers Fund.

Final preparations were made for  
the mother and daughter banquet.

Mrs. Alan Marsh showed a dem-  
onstration of spool knitting.

The raffle netted \$1.30 and was  
won by Betty Marsh.

The next meeting will be held  
June 21 at home of Patricia Hoskin.

Meeting closed with singing of  
"God Save The Queen."

**THIRTY-FIRST ANNUAL FEEDERS'  
DAY AT U. OF A. JUNE 7**

Members of the staff of the De-  
partment of Animal Science were  
busily engaged recently in com-  
piling and interpreting the results  
of experiments completed during  
the past year. Their labor provided  
the basis for another interesting  
and profitable Feeders' Day Satur-  
day, June 7, at the University Live-  
stock Farm.

The winter of 1951-52 will cer-  
tainly go down in the records as a  
good year for livestock feeders,  
but there will be lots of good years  
in the future just as there have  
been in the past. Adverse conditions  
serve to emphasize the importance  
of economical production. Since  
efficient feeding and economical  
production usually go hand in hand  
it may, in the immediate future, be  
necessary to give even more atten-  
tion than usual to the feeding  
phase of the livestock business.

Experiments conducted at the  
University of Alberta during the  
past year were designed to study  
some new and some old wrinkles  
in connection with feeding to pro-  
duce milk, beef, lamb and pork at  
low cost. Reports presented at Feed-  
ers' Day included practical informa-  
tion on such matters as vitamin,  
mineral, protein and antibiotic  
feed supplements; use of frost-  
damaged grain; and a discussion of  
livestock health problems.

"Fish are like children," said the  
old fisherman, cutting a hole in the  
ice where there were no other  
angles. "They sometimes surprise  
you by being where you think they  
aren't."

## EAST NOTES

The Jutland school visited Bancroft  
on Tuesday for a game of  
softball with the latter coming out  
as winners.

Best wishes are extended to Mr.  
Sam McAllister who underwent an  
operation at the Olds hospital re-  
cently.

Mr. and Mrs. Schumaker and  
girls were Wednesday evening  
callers on Mr. and Mrs. Jake Pen-  
ner and family.

Best wishes are extended to Mr.  
Jake Braun who is a patient in the  
Didsbury hospital.

Mr. and Mrs. Robert Eckel and  
Miss Marie Suetter left for a trip  
through the States on Sunday, Miss  
Jean Charlton and Miss Mary  
Cook of Calgary accompanied them.

Mr. George spent Sunday after-  
noon with Mr. and Mrs. Schumaker.  
Mr. and Mrs. Ralph Heaton of  
Acme called on Mr. and Mrs. Alfie  
Thompson Sunday, June 8.

Mrs. Gebers and Mrs. Stiles called  
on Winnie Bittner and family on  
Sunday.

Mr. and Mrs. Howard Krebs and  
son, and Mrs. Annie Krebs, were  
Sunday dinner guests with Mr. and  
Mrs. Jim McCulloch and Mr. and  
Mrs. Arnold McCulloch.

Mr. and Mrs. Walter McCulloch  
called on Mr. and Mrs. Gebers Fri-  
day evening.

## Notes From D. A.

Three grasses have been tested at  
the Dominion Experimental Stations  
in recent years and appear suitably  
adapted to Western Canadian  
conditions to warrant farm use.  
These grasses are intermediate  
wheatgrass, tall wheatgrass and  
Russian wild rye. They likely will  
not achieve the importance of  
brume grass or crested wheat grass,  
but will be of use for special pur-  
poses or on particular soils.

These species are being grown in  
the Northern Great Plains area of  
the United States, and the possi-  
bility of seed production for export to  
the United States is worthy of con-  
sideration.

Seed supplies of these crops are  
limited at present both in Canada  
and the United States. The Domi-  
nion Experimental Stations are in-  
creasing the seed of these crops and  
seed should be more available in  
1953.

## CLEAN UP STREETS, TOO

In this spring clean-up and  
beautification business we should  
not overlook municipal property.  
One of the offenders in untidiness  
is often the town government.

Private citizens plant trees and  
flowers, paint their fences and trim  
their grass only to have the whole  
effect spoiled by litter strewn on  
boulevards or in some vacant lot  
near door. Weeds grow high and  
rank on town-owned property or on  
property over which the town can  
exercise control.

There is little hope of making any  
town really attractive unless the  
municipal authorities do their  
share.

BIRTH RATE CLIMBS  
IN CANADA

In 1940 Canada's birth rate was  
22 per thousand of population. In  
1950 this had risen to nearly 27 per  
thousand. The average Canadian  
family has four children.

These facts show that the natural  
increase of population in Canada  
ranks among the highest in the  
world.

Only Spain and Portugal are  
keeping pace with this country. In  
Japan, India and Russia, the in-  
creases in population are below  
those of Canada.

The increase in Canadian popula-  
tion is attributed to prosperous con-  
ditions and the growth of family  
health and welfare services.

## LONG DISTANCE?

The editor was busy at his desk  
when the phone rang. An irate sub-  
scriber was on the other end. "I  
noticed in your paper," the reader  
shouted, "that you printed I was  
dead."

"Is that so?" was the indifferent  
response. "And where are you call-  
ing from?"

#### EMBARGOES COST ALBERTA \$14 MILLION

Estimates of the losses suffered by Alberta cattle producers were tallied last week by officials of the provincial department of agriculture, with an impressive figure resulting. During the first four months of the year they estimated that the loss due to the various provincial and international embargoes exceeded \$14,000,000.

Value of cattle exported amounted to \$8,277,000 compared to \$22,242,000 for the same period last year. Number of cattle exported from Jan. 1 to April 20 totalled 27,500 head compared to 71,110 head in 1951.

#### LIGHT FOOT BURNER

If grandpa only had known about this life would have been easy. The Financial Post describes a new light single bottom, two-way mold-board plow which permits contour plowing and the turning of furrows uphill. And it can be raised and lowered hydraulically by finger tip controls.

#### Teaching As A Career

This is the second in a series on teaching, by Dr. Stanley Clarke, Faculty of Education, for Alberta School Trustees' Association.

These are the days of big thinking; machines do the work, prices are high, oil makes us rich. Young people in Grade XI and XII hear of wonderful jobs, "starting pay \$200 a month," and do some big thinking too. It is well to think again. Is there any possibility of promotion? Pay raises? Security of tenure? Is there a pension scheme?

Teaching as a career offers all of these. Initially teaching is not as well paid as are some of the competing jobs high school students hear about. In the long run, the successful teacher has more, even in the security and monetary sense.

Where teaching as a career has its real advantage is in what it does for you, and for the world. No other course of training concentrates more on some of the most urgent and important human problems, such as how to get along with other people, and how to raise children into worthwhile and decent human beings. If you choose teaching as a career you are trained in these matters. Society recognizes the importance of teachers on the lives of its future citizens. That is why prospective teachers must have a good personality and a sound character. That is why they are given training in the factors which develop personality and character.

The teacher, as Voltaire was told, writes on the human skin. She leaves her mark in the lives and beliefs and attitudes of her students. The farmer takes pride in a machine functioning perfectly. How much more pride is possible for the teacher, watching students become decent, upright and valuable citizens of the world of tomorrow?

In these days of big thinking, the biggest thing of all is still the human beings who do the big thinking. The job of developing the right kind of human being is still the biggest job of all. This is teaching as a career.

#### CHRISTIAN SCIENCE

The fact that God does take care of all His children will be emphasized Sunday in Christian Science churches. The Lesson-Sermon is entitled "God the Preserver of Man" and will contain this declaration from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Step by step will those who trust Him find that 'God is our refuge and strength; a very present help in trouble.'" And this assurance from the King James version of the Bible: "The patriarchs, moved with envy, sold Joseph into Egypt; but God was with him." (Acts 7:9)

#### ALBERTA'S TREE PLANTING CAMPAIGN

Interest in farmstead, roadside and field shelter-belt planting is increasing steadily, reports P. D. McCalla, supervisor of horticulture, Alberta department of agriculture. But there are still farmers who do not realize that free trees for these plantings can be obtained on application to the Alberta department of agriculture. Some of these trees are made available through the co-operation of the Dominion Forest Nursery Station at Indian Head; others are grown at the Provincial Nursery Station at Oliver and the Provincial Horticultural Station at Brooks. With the increasing pressure of demand, it is becoming constantly more necessary for orders to be placed well ahead.

Those desiring trees for planting next spring should be placing their orders now. While every effort is being made to fill all orders, the demand still exceeds the supply, and by ordering early disappointment may be prevented. One of the regulations governing distribution of these free trees is that the land in which they are to be planted must be summer-fallowed during the year previous to planting. Better to order now and make sure you will have trees for that summer-fallowed land than to leave it until fall and take a chance. Information and application forms are available from district agriculturalists throughout the province or from the field crops branch, Alberta department of agriculture, Edmonton.

#### ALBERTA OIL POLICIES CAUSE VERBAL BATTLE

Two Alberta members of different political faiths, crossed verbal swords in the Commons concerning oil policies of the Social Credit government of Alberta.

John Blackmore (S.C., Lethbridge) said that anyone who says the Social Credit government has "lost control" of the oil resources of Alberta is simply misrepresenting the facts.

John Decore (L., Vegreville) replied that 75 per cent, or perhaps even 80 per cent, of the oil resources of the province are not in the hands of Canadians, but in the hands of "foreign corporations — United States corporations."

Solon Low, Social Credit leader, challenged Mr. Decore to name them. Mr. Decore declined, but said the Alberta Social Credit government is "not the champions of private business, they are the champions of big business."

The exchange ended with Mr. Blackmore on his feet, shouting at Mr. Decore at the other end of the chamber and committee chairman Rene Beaudoin calling for order.

#### School Reorganization: Didsbury . . .

This week we continue our review of the Byrne school reorganization in proposed plans for Didsbury: DIDSBURY (12 rooms)

The Didsbury centre presently accommodates children from Melvin, Mowat and North Grand Centre districts, as well as providing high school services for approximately 35 students from various parts of the division. To some extent Didsbury is a central high school for the division. Twelve to fifteen students stay at a Bible School in the town, others make private boarding arrangements.

Total enrolment in all grades at the time of the report was 362.

The Didsbury centralization could be extended both east and west. To the east the districts of Rosebud, Gore, Mona and Neapolis are within easy conveyance distance of Didsbury. For senior pupils at least, Jutland also could be brought within the Didsbury area. To the west the districts of Springdale, Clover Mount and Rugby are within convenient distance for transportation. It is conceivable as well that any high school pupils from the Zella district might be served by this west van route. The total enrolment of all these districts (exclusive of Zella) is over 135 pupils.

Again the method of centralizing dependent on such factors as distance, enrolment, road conditions and accommodations at the Didsbury centre. A sensible solution within the immediate future (when space is available in Didsbury) would be to convey the Junior-Senior high school grades from the outlying districts and the elementary grades closer to Didsbury, provided enrolments in the district are below 15. It would not seem desirable, for instance, to convey a heavily populated district such as Clover Mount from Grade I up.

#### Accommodation

The Didsbury school has six rooms in the main building and four in the secondary building with the Shop and Home Economics room in the basement. Two one-room schools provide additional classroom space. Next year increasing enrolments require the use of two temporary rented rooms in the town.

Undoubtedly the accommodation needs at Didsbury are quite pressing. It is proposed to use the two rural schools to replace the present inadequate basement shop. The writer is of the opinion that the six rooms in the main building are very suitable and the four rooms in the secondary building reasonably so (the floor area is as the small side) for continued use. This indicates the need for four classrooms immediately. Increasing enrolments at the high school level necessitates more accommodation at this level. Six classrooms are the bare minimum of need, eight would permit some centralizing. A junior-senior high school having the following accommodation appears to be a necessity for this centre:

1 Science Classroom — 40 feet in length.

1 Commercial Room—High school classes may be scheduled in this with suitable furniture and storage space.

6 Ordinary Classrooms.

1 Home Economics Laboratory. Other ancillary rooms such as offices, staffrooms, library and gymnasium space.

This building would do no more than meet Didsbury's present needs and provide some space for the senior pupils (VII-XII) within the proposed Didsbury centralization.

#### Who Pays For The Roads?

In the last 50 years owners of automotive vehicles have been taxed hundreds of millions of dollars, probably much more in fact than the total amount of money spent on highways in the same period. From one quarter to one third of what these people pay for gasoline is provincial tax or, for an average car, about half a cent for every mile travelled.

Without the car and truck owner and the special taxes they pay on the fuel to operate these vehicles, there would be no modern highways in Canada.

There is a limit as to how much tax the motorist and his car can or should be asked to pay.

#### VOLUME OF WHEAT FEEDING

Some 38,107,000 bushels of wheat will be fed to livestock in Canada in the 1951-52 crop year, according to an estimate made by the federal bureau of statistics.

This estimate does not include wheat moved into inter-provincial trade under the federal freight assistance plan. In the previous crop year 15.9 million bushels of feed wheat were shipped under that plan. Current crop shipments have been running somewhat above last year's levels. If such figures were added to the total it would appear that wheat feeding to livestock and poultry in Canada this crop year will be over 52 million bushels.

Wheat feeding in the prairie provinces is placed at 23.4 million bushels, compared with 21.8 millions in the previous year.—Wheat Pool Budget.

## DIDSBURY NEWS

### MOUNTAIN VIEW

Dinner guests Sunday at the Pat Spraggs home were Mr. and Mrs. Ed Stiles, Ron and Gordon, and afternoon visitors were Mr. and Mrs. James Worrall, Mrs. Arthur Gebers, Mrs. Patterson and Ed and Thomas Patterson.

Mr. and Mrs. Ed Bouleau and Mr. and Mrs. Garnet Tighe and Elaine Leith spent the weekend in Banff.

Mr. and Mrs. Grenville McCall, Anna and Florence, were Sunday afternoon visitors with Mr. and Mrs. Harry Boettger and family at Cremona.

Supper guests with Mr. and Mrs. Sam Elliott Sunday evening were Mr. and Mrs. George Clarke and Carol, Mr. Pete Krykwyj and Mr. and Mrs. Lawrence Hunter.

The Women's Institute Constituency Conference will be held in the United Church in Didsbury on June 17 and everyone is welcome to attend.

Mr. and Mrs. Arthur Gebers had as their guests Tuesday evening Mr. and Mrs. John Kohut and boys, Mr. and Mrs. Ed McNeil and son, Mr. and Mrs. Dexter Williams and twins and Mr. and Mrs. Thomas Finley, the occasion being the birth-  
day of Mrs. McNeil and Mr. Gebers.

Mrs. George Smith and Brent Ramsay of Calgary are visiting this week with Mr. and Mrs. Eric Atkinson.

Mr. and Mrs. Arthur Gebers and Mrs. Birdell visited Thursday afternoon with Mr. Sam McAllister in the Olds hospital.

Mr. and Mrs. David Pratt and family, Mrs. Jack Underhay and Joyce and Mr. Hughes motored to Edmonton Sunday for the day.

Sunday visitors with Mr. and Mrs. Walter Pratt and family were Mr. and Mrs. Eugene Durrer and Richard, Mr. and Mrs. Adrian Kimmel and Kim, and Mr. W. F. Durrer.

The neighbors in the district around the J. D. Thomas farm had a picnic in his field on Sunday and had a wonderful time.

Mrs. Gertrude Pratt visited with Mr. and Mrs. Gus Olson this past week.

Mrs. Charles Snyder entertained the Knitting Club at her home on Thursday.

Sunday evening visitors with Mr. and Mrs. Walter Pratt and family were Mr. and Mrs. Charles Pratt and Marlene and Mr. Tay Fox.

### WESTCOTT

Miss Marjorie Goetjen received her recent examination results and has successfully passed and received her first year's clearance.

Mr. and Mrs. Laverne Banting were visitors at the Herbert Goetjen home last Tuesday.

We had all kinds of weather this past week. One day the thermometer was up to 76 above and a few days later we had a blanket of snow. Seeding operations are almost completed and most farmers are able to breathe a little easier now that the rush is over. Gardens and crops are growing well and we seem to have ample moisture for the present.

Mrs. Korschuh and her pupils put on a program on Friday night and we are told it was well attended.

Mr. and Mrs. Doug Schmiedmiller of Calgary were visitors this past week at the home of Mr. and Mrs. Bernal Reinhart.

Miss Elaine Goetjen was up from Calgary for the weekend.

Mrs. Lyle Good and her son Gordon, who had been hospital patients of late, were released last Saturday. Gordon had his appendix removed the previous Saturday.

Mr. Leonard Papke of Elkton took his brother Hubert's place on the farm of Herb Goetjen last week while brother Hubert went to Calgary for medical care.

Mr. and Mrs. Hobb, MacFarlane received word the first of the week of the death at Vancouver of Mr. MacFarlane's brother's wife, and we extend sincere sympathy.

Quite a number of cattlemen from this district took in the Lacombe cattle sale last week.

Mrs. Annie Krebs is helping care for Mrs. Jim Hughes who is convalescing after her recent accident.

Miss Marlene Vipond, a winner in the Calf Club a year ago, received additional prizes of a show stick and a camera at the Carstairs show last Wednesday. These were prizes that she had won last year but they were just given to her now.

### THIS IS THE KIND OF HEN TO HAVE

There's a hen named Jennifer in Cudworth, England which townspeople believe has performed an egg-laying feat without parallel. Jennifer's owner, farmer Charlie Rogers, says his hen looked a bit off color, and hadn't laid an egg for several days. So Rogers brought his hen into the house and made her comfortable before the fire.

Perhaps it was the fire, but anyway Jennifer promptly warmed to the job — laid an egg every five minutes or so. She laid a total of ten in less than one hour before she decided to calf it a record.

### M.V.B.C. NEWS

The luncheon for the Women's Missionary Society was a feature of the Missionary Convention that was greatly appreciated by all. It was held in the dining hall of the College. Mrs. Suder, who was again elected director for this conference, presided. Several of the ladies assisted Mrs. Oke, Mrs. Reimer and Mrs. M. K. Snyder with the setting of the tables, the decorations and the serving of the lovely luncheon. Seventy-five ladies representing most of the churches of the Conference attended and the entire convention was worthwhile. Edmonton First Church has extended the invitation to the convention for the coming year.

The High School students accommodated themselves to the situation on the Campus Friday. A tasty lunch was prepared by the cooks of the College and a lawn party planned during the noon hour, but the rain made that impossible. They did have their lunch in the back of the Tabernacle, however, after which they carried many chairs to the class rooms in preparation for the Fashion Show. We say "Thank You" again to these helpful young people.

The display of woodwork and the fashion show put on by Mrs. Kimmet's classes in Home Economics was most successful. Both class rooms were filled almost to capacity and the visiting guests were delighted with the lunch served in connection with this display in the Home Economics room in the third building on the Campus. The teachers responsible for this work are to be congratulated for the work done by the students. The College was happy to have them present their program and work in its class room on the Campus.

Mr. Charles Matson, who is working in the school this summer, took the services in the Hoadley church this past Sunday.

Miss Gladys Eby was guest speaker in the Evangelical Church on Sunday morning in the absence of the pastor, Rev. Gramms, who was attending the Conference of the Evangelical United Brethren Church in Calgary.

We are happy to report that to date we have packed away 85 dozen eggs. These are part of contributions received this past month. We appreciate the interest people are taking in meeting this annual need of the College. Some others have brought in rhubarb, and Mrs. Habermehl has been most busy preserving it for next winter's use.

You will be interested to know that the plans for the renovation of the kitchen have met with the approval of the Board of Trustees. As soon as the College is able to do so they will be put into effect. This is one of the greatest needs of the College, and we hope to be able to do at least part of the work this summer. Both kitchen and dining room are used frequently by folk who have an interest in the College, and for them as well as for those who work in it all winter, we would like to see equipment that will meet the need of both. If you are interested, let us know.

Have you listened to the Good News Program these last few Sundays? Mr. Peter Waldin, Professor of Speech in our College, is now director of the program. Some students are assisting: Margaret Dyck and Marguerita Sawatzky. In addition to these Mrs. Orpha Fraser, Miss Shaw and Mr. and Mrs. Ernest Neufeld. Let us encourage these young people with our sincere support.

### Letter To The Editor

The Editor, Didsbury Pioneer.

Sir:  
I feel that it is my plain duty as a surgeon to tell the people what an inestimable boon and blessing the Red Cross Blood Transfusion Service is to the patient, and to the surgeon who performs the operation. I am apt to take this wonderful service for granted. Never let us do so. Very many patients in the Didsbury Hospital, and in other hospitals, have derived the utmost in benefit from the Transfusion Service, which is efficiency itself. Day and night the requests of surgeons for blood of proper type are answered immediately by the Red Cross.

We are all the Red Cross, so let us be generous in our blood and money donations, that the great work may go on.

RODERICK E. MCKENZIE,  
M.B. Ch.B. M.D.

MRS. R. GILLIE ENTERTAINS  
AFTERNOON GROUP W.A.

The Afternoon Group of Knox United Church W.A. met at the home of Mrs. R. Gillie on June 3, with 13 members and one visitor present. The devotion was taken by Mrs. R. Gillie and Mrs. W. Miller.

Plans were made for a tea to be held at the home of Mrs. Ralph Long from 3 to 6 o'clock on June 24.

## REIBER BROTHERS

Where Insurance Is Our Business, Not a Sideline

C. E. Reiber PHONE 90 A.W. Reiber

Born at the Didsbury hospital to Mr. and Mrs. A. Foster of Cremona on Thursday, June 5, a girl.

Mrs. M. E. MacDonald left by plane this week for her home in Vancouver after visiting with her parents, Mr. and Mrs. J. Topley of Didsbury, and friends in Edmonton and Winnipeg.

Born at the Holy Cross hospital, Calgary, to Mr. and Mrs. Edward Morasch (Marianne Korsch) on June 4, a daughter, Leanna Marie.

Walter E. Scheidt took the morning train at Olds on Tuesday for Edmonton where he will attend the Farm Young Peoples' Week at the University of Alberta.

## LITTLE ITEMS OF LOCAL INTEREST

A bee will be held at the Scout hall on Wednesday afternoon, June 11 and all Legion members and others interested are asked to help with sliding the building.

The W. E. Blore, Ray Campbell, Howard Foot and Orrie Franklin families spent Sunday in Calgary at St. George's Island.

Mr. and Mrs. Bob Shaw and family of Carbon were Sunday guests of Mr. and Mrs. Carl Leeson.

Dr. and Mrs. R. E. McKenzie are Banff visitors this week, where Dr. McKenzie is attending the annual convention of the Canadian Medical Association.

Miss Margaret Hanson left at the weekend for a two weeks' vacation at the west coast.

Mr. Frank Clarke and son of Vancouver, B.C., who rented Mrs. Geo. Allen's farm east of town for a few years and left the district in 1915, called at the Scheidt home on June 3rd.

Mr. and Mrs. H. S. Beveridge of Holden were weekend visitors with the latter's father, A. G. Studer. While here Mr. Beveridge took in the bankers' golf tournament held at Red Deer.

Members of St. Hilida Chapter No. 27, O.E.S., attending the 41st Grand Session at Banff last week were: Mrs. Van Wyck, Mrs. E. Wiggins, Mrs. E. Rouleau, Miss Winona Rouleau, Mrs. O. Franklin, Mrs. W. E. Blore, Mrs. J. Flourey, Mrs. T. Morris, Miss Lorna Harvey, Mrs. V. Turner, Mrs. R. Campbell, Mrs. B. Prevost, Mrs. S. Krueger and Mrs. O. Thompson.

All grain elevators in Didsbury will be closed Friday in observance of Farmers' Day, and all day Saturday.

## STORES TO REMAIN OPEN FARMERS' DAY

Friday, June 13, is Farmers' Day in Alberta and schools throughout the Province will remain closed. Stores and offices in town will remain open during usual business hours.

## MELVIN NOTES

Miss Margery Chandler of Calgary spent the weekend at the home of her parents. Sunday guests also at the Chandler home were Mr. and Mrs. Jay Chandler and family of Aldrie.

Mr. and Mrs. Ross Youngs and Mr. and Mrs. Geo. Youngs spent Thursday of last week in Calgary. Mr. and Mrs. Gardiner of Eagle Hill spent last week at the home of Mrs. Gardiner's daughter, Mrs. R. McNaughton and family.

## FALLEN TIMBER

(Last Week)  
We are sorry to hear that baby Joy Eytan has been ill and extend to her best wishes for a speedy recovery.

Master Danny Howton spent the weekend in Calgary with his grandparents. Mr. and Mrs. C. B. Moore. Guests at the home of Mr. and Mrs. Joe McGiffin a week ago Sunday were Mr. and Mrs. E. Bruns and family of Carstairs and Mrs. Ray Tenor and children.

(This Week)  
Mr. and Mrs. Webb have returned to their place back west after spending some time at the coast. Mrs. Francis Webb and Joyce are visiting at the home of Mr. and Mrs. Jacobson.

We are glad to welcome Mrs. Chmell and infant son back to the district. They are visiting at the home of Mr. and Mrs. Robert Mc-Mullen. Mrs. Walter Chmell is the former Jany Berendse.

Didsbury visitors last Thursday were Mr. and Mrs. Joe McGiffin. Mr. and Mrs. Bill Money and Cecil. Mr. and Mrs. Wayne Roberts. Mr. and Mrs. J. Howton and Mrs. Oethe Moore.

Clinton, Thomas and Lloyd Davis of Three Hills are back in the district for the summer.

Mr. and Mrs. Carter spent a few days at Castor visiting with relatives.

The regular meeting of the Busy Bees was held at the home of Mrs. H. Morrison with 17 members and one visitor present. Preparations were completed for the bazaar to be held at the school picnic and each member is to donate one bazaar article and one item such as a cake or pie, etc. to the food table. Proceeds from the food table will be used to pay for the ice cream. The picnic date has not yet been set.

The meeting was brought to a close with everyone singing God Save the Queen. A ten-cent draw was held with Mrs. Evelyn Jacobson being the lucky winner, and a delightful lunch was served by Mrs. Esther Roberts, Mrs. E. Jacobson and Mrs. Stanley Morrison.

The next meeting will be held Thursday, July 3, instead of Wednesday, at the home of Mrs. G. Hone.

Among those cited for outstanding scholarship in the senior class at Bethel College, Kansas, was Paul I. Dyck, son of Mr. and Mrs. Jacob J. Dyck.

Mr. and Mrs. Frank Kaufman attended a farewell party in Olds last week for Mr. and Mrs. C. E. Vauch, who leave shortly to take up residence in Lethbridge.

Mrs. Walter Dobbin was an Olds visitor one evening last week.

Mr. and Mrs. Ira Gamble returned Friday from White Rock, B.C., where they spent a two weeks' vacation.

Mr. and Mrs. Bill Jenkins and two boys of Edmonton spent the weekend with the former's mother, Mrs. E. Jenkins. Mr. and Mrs. Dave Jenkins and other relatives.

Mr. Alf Allen, manager of the Didsbury branch of the Royal Bank of Canada, took part in the bankers' golf tournament at Red Deer on the weekend.

At convocation exercises held at the University of Manitoba in Winnipeg on May 21, G. Lloyd Thompson received his degree in medicine. Dr. Thompson received his public and high school education at Rocanville, Sask. He is the son of Mrs. Charlotte Thompson of Didsbury, and the late James A. Thompson.

## COMING EVENTS...

Don't forget the Western Dance at Melvin Hall on Friday, June 13. Prizes for best western costumes, and good western music. Everybody welcome. 23-2p

St. Cyprian's Anglican W. A. will hold a Strawberry Tea and Food Sale on Saturday, June 21, from 3 to 6 p.m. in the Lions' hall. 23-3c

The Afternoon Group of Knox United Church will hold a tea at the home of Mrs. Ralph Long Tuesday, June 21, from 3 to 6 p.m. Admission 35c or article for the bazaar. Everyone welcome. 1p

Tickets for the Square Dance Jamboree at Aldrie Airport June 27 may be obtained at Blores' Jewellery Store.

Calgary Citadel Salvation Army Band will hold a concert in the Memorial Arena, Thursday, June 26, under auspices of Canadian Legion, Didsbury branch.

The regular monthly meeting of Mops Chapter I.O.D.E. will be held in the Lions' hall Thursday, June 12, at 8:15 p.m. Party to commence at 9:30 p.m.

The Knox United Church annual picnic will be held at Reid Clarke's farm Friday, June 13, as planned.

St. Anthony's Altar Society will hold a home-cooking sale on Saturday, June 14, in the Red & White Store. 1c

Snow fell in Didsbury and district Saturday morning, but the storm was short-lived and warmer weather returned on the weekend. Tuesday morning a light rain fell and cooler weather is forecast for all Alberta regions.
